

T-Ball & 8U Draft Rules

1. Each coach will be given a draft list along with a draft sheet to write down drafted players. Coaches children will be protected for up to 3 coaches.
2. Numbers will be drawn for draft order. Snake draft will be used 1-5,5-1
3. Each coach will draft starting with the oldest age group. If you have a player that is protected in this age group you must select them first. If you have more than one protected player in that age group, you will be able to select a non-protected player before you have to select your next protected player.
4. When there are not enough players in the age group for each team to select another player the next age will open up. If you have a protected player in that age group you must select them first for that age group. You cannot select an older player before you draft your protected player.
5. Once all players are drafted you will give one sheet to Board and keep the other for your records. Please call players as soon as possible. We will have practice schedules and Game Schedules out as soon as possible.
